CAREER OBJECTIVE

To obtain a position as a Software Test Engineer where I can apply my skills, collaborate with development teams, and contribute to delivering high-quality, user-focused software products.

TECHNICAL SKILLS

Manual Testing

Automation Testing:

- Good Knowledge on selenium Architecture
- Good Knowledge on Webdriver Architecture and methods
- Hands on practice on locators
- Good Knowledge about WebElement methods
- Good Knowledge on TestNG Framework

SQL

EDUCATION

Bachelor of Engineering (ECE)| 2020 – 2024

P.S.R.R College of Engineering | **CGPA: 8.49**

HSC – 2020

T.N.P.M.M. Ammayappa Nadar Girls Hr. Sec. School | **71%**

SSLC – 2018

T.N.P.M.M. Ammayappa Nadar Girls Hr. Sec. School | **92%**

PROJECT.

Line Follower Robot

- Designed for basic automation tasks, demonstrating knowledge of sensor integration and control logic

ACHIEVEMENTS-PUBLICATION: Published an IEEE paper titled “*Sensor-Based Shopping Using Eye-Blink and IoT Technology*” in the **IRO Journal** on 25 May 2024

DOI: 10.36548/jsws.2024.2.004
